FARMERS

TO those of you who own gaso-
line engines we desire to
say we have a labor saving de-
vice in the way of a power washing
machine and wringer that will repay
you many times its cost in the com-
fort it gives your wife and daugh-
ters. It sells for \$35 and is incom-
parably the best value in machinery
on your farm. We have highly
pleased local owners of these ma-
chines.—Names on application if
desired.

SMITH & GAETZ

C.P.R. BUILDING OPERATIONS UN-
FOLDING

Red Deer To Be a Strategic Point

The great work at present going
on by the C.P.R. in double tracking
their main line in the west, and in
other developments, is being watched
with keen interest by people in Red
Deer.

Saturday the Calgary News-Tel-
gram had a prominent article on
the Calgary cut-off from Calgary to
Gibson, and spoke of a new line
from Bassano to Red Deer.

After speaking of matters relating
to the tracks of the company be-
tween Winnipeg and Calgary, and
explaining on the war of competi-
tion wherein the C.P.R. must keep
up with the forward movements of
the G.T.R. and the C.N.R., the
article concludes with the following
apparently inspired paragraphs:

The move on the part of the C.P.
R. has been masterly. No subsidies
have been asked for and the grades
were all laid out quietly both in this
line and in the line that is being
built from Bassano to Red
Deer, through Standard. This latter
is also a new line, and will give
Bassano and Winnipeg lines of the
C.P.R. direct connection with Ed-
monton by cutting off at Bassano in-
stead of coming through to Calgary.
This line will cut off 70 miles be-
tween Bassano and Edmonton, and
the same between Winnipeg and Ed-
monton over the C.P.R.

LOOP THE LOOP.

And behind this the feverish activ-
ity there is said to be even a more
strategic move. According to those

in touch with the situation the new
line to Red Deer will make still
another route from Bassano to Cal-
gary via Irricana, which will loop
the loop in a manner and tap some
of the richest farm lands in Alberta.
In addition the Red Deer line, con-
necting with the Alberta Central and
running to Lethbridge will, it is
stated, run even further, going
west through the mountains and
giving the C.P.R. another terminal
on the Pacific coast, tapping the
country through which the C.N.R.
and G.T.P. are going also, and put-
ting the older road in direct com-
petition with the younger roads.
This is the big move behind all
the lesser moves, and among rail-
road builders it is regarded as a
masterpiece.

FOOTBALL NOTES

In the Provincial League Didsbury
sent up a strong team on Monday
and almost took one from the locals.
The game started rather late, and
so it was beginning to grow dusky
at the end of the latter half. The
game was easily the best that Red
Deer has had during this season, and
one of the most thrilling that has
ever been seen here. W. Huxley took
the reins of office, and play started
with seemingly Red Deer the better
team. In a few minutes they crowded
in on Good and pushed him
through with the ball in his hands,
but a foul was taken, and the ball
was thrown up. Then one of the
Didsbury backs struck the ball with
his hand and penalty was given for
Red Deer, which Davoy put through.

The game then became even. Didsbury
backing up in fine style, and after
some hard play Sexsmith put
in the first for Didsbury and evened
the score. Both sides had some more
good shots on goal during the first
half, but both goalies played well
and there was no more scoring. After
half Red Deer scored the first goal
and the spirit of the Didsbury
ports sank, but not so with the
team, however. This circumstance
only renewed them to fresh vigor,
and they put in two goals in quick
succession and things looked very
rosy for the visitors. Red Deer kept
going hard, however, and had a little
better combination than their op-
ponents and by good play Heyward
got two more goals for Red Deer
before time, and the stand 3-3.
In Red Deer's favor at time. For
the visitors Good was strong in
goal, Kalblish was strong at back,
and Sexsmith, Black and Siebel
were the pick of the forwards. V.
Day in goal for the locals made
some hard stops. Scott at back
played a strong game, and Heyward
was probably the best of the for-
wards. The half back line showed
strength at time and weakness at
times. The teams were:
Didsbury—Goal, Good; backs,
Kalblish and Reiber; halves, Snid-
er, McGee and Mackay; forwards,
Siebel, Kaufman, Sexsmith, Black
and Cole.

Red Deer—Goal, Day; backs, Scott
and Williams; halves, Brydie, Hut-
chins and Nicol; forwards, Davoy,
Mackie, Heyward, Steadman and
Gee. Red Deer have not lost a
game in the League, as yet, the game
standing:

	P	W	D	L
Red Deer	4	4	0	8
Didsbury	5	3	2	6
Olds	4	1	3	2
Carstairs	3	0	3	0

In the local league the Town and
C.P.R. drew on Wednesday night last
in a good game, the score being 4-0.
W. Huxley refereed. On Friday the
Firemen and School played, and it
began to rain shortly after the start
of the game. The Firemen easily put
it over their opponents, the time
they played, but the referee called
the game at half time on account
of rain, and it will be replayed.

FOOTBALL CHALLENGE CUP.

The games for the "News Cup" are
making good progress. The teams
competing are chosen from the boys
under 15 years at the Public School.
Every match has been keenly con-
tested. Up to the present date
(June 18) the results are as given
below:

Team— P W D L P

Joe Edgington	6	4	1	9
Joe Gaetz	5	2	1	5
David Wright	3	2	1	5
Lewis Nurembe	4	1	3	3
Allan Rutherford	5	1	0	4

There are 8 more games to be
played.

League Baseball

The game in Edmonton Saturday
was a fine exhibition of ball, being a
pitcher's game, resulting in a win
for Red Deer by 5-2.

MONDAY'S GAME.

A series of errors lost Red Deer
the game Monday night. They started
off with 3 runs, and then seemed to
quit. Calgary found Davis easy,
and at the count up they led 8-5.

Score by innings—

Red Deer		30200000—5
Calgary		00122002—8

LAST NIGHT'S GAME.

Last night Red Deer's standing was
lowered another point when Calgary
annexed another victory. Manning
pitched for Red Deer and, although
his sore arm prevented him from
pitching his usual unhitball ball, he
had better infield support he
would have pulled out a victory.
Myers for Calgary was very steady,
allowing only scattered hits except
in the 3rd, when he, figuratively
speaking, blew up.

Score by innings—

Calgary		00020210—9
Red Deer		00050001—6

Band Concert To-night

The Citizens' Band will hold the
first band concert of this season in
the court house square this Wednes-
day evening at 7.30. The band has
23 members, several new pieces
being added, and Conductor Welton
thinks he has a better band than
ever. This is the programme—
March, "Mt. St. Louis Gaiety"—
Laurens.

Waltz, "Where Flowers Twine"—
Laurens.
March, "Alexander's Rag Time
Band"—Berlin.

Song Melody, "The Moonlight,
the Rose and You," with cornet solo
by Chas. Terrill.

Serenade, "Queen of the Night,"
with baritone solo by Thos. Lloyd
March, "King Over All"—Scouton.

Melody, "Best of Me Tonight in
Dreamland," with cornet solo by
Chas. J. Oliver.

March, "Kiss Me, My Honey, Kiss
Me"—"The Stylers".
Waltz, "Paysage"—Laurens.
March, "Emeralda"—Laurens.
"God Save the King."

HILLSDOWN

On Wednesday, June 12th, 1912, a
very pretty wedding took place at
St. Paul's church, when John Henry
Mitchell, the youngest son of the
late Mr. Isaac Mitchell and Mrs.
Mitchell, of Cooksmouth, Eng-
land, and Evelyn Mary, the second
daughter of Mr. and Mrs. R. E. Fiske
of Hillsdown, were united in the holy
bond of matrimony by the Rev. A.
D. Currie, incumbent of the parish.

The church was fairly well filled at
11 o'clock, when the bridal party
entered, to the accompaniment of the
beautiful "Bridal Chorus" from
Lohengrin. When the ceremony was
over, and the register had been duly
filled, the bride and bridesmaid left
the church to the strains of Men-
delsohn's "Wedding March." And
after the wedding breakfast they left,
amid showers of rice and slippers,
for Red Deer en route for Edmonton.
Miss Dorothy Fiske was the brides-
maid, and Mr. Robert W. Fiske filled
the office of best man. The wedding
was a most happy and lengthy, but
very useful and ornamental.

The weather was all that could be
desired, and the excellence of the
music may be assumed from the fact
that Mr. Fiske very kindly presided
at the organ. The church was nicely
decorated for the occasion, and the
wedding presents, of which a com-
plete list would be too lengthy, were
both useful and ornamental.

A profit-making property—Red
Deer West.

Have you seen the fine window
display the Best Furniture Co. are
showing.

School Board

The regular meeting of the School
Board was held Wednesday evening
last, with Chairman Simpson and
Trustees Gaetz, Munro and Carswell
in attendance.

The resignations of Mrs. Halibur-
ton, Mrs. Wanless, Miss Cowan and
Miss Peterson were accepted.

Mrs. Wanless is taking a rest and
going to the old land for a trip.
Miss Cowan will remove to Edmon-
ton to reside. Miss Peterson is
going to Ontario for a visit, and
Mrs. Haliburton has been recently
married.

It was moved by R. L. Gaetz that
this Board reluctantly accepts the
resignations of Misses Peterson and
Cowan and Misses Wanless and
Haliburton, and in so doing desires
to place on record the high appre-
ciation they have of their character
and ability. The Board feels that
they have in a great measure con-
tributed to the high standard at-
tained by this school, and assures
them that it will watch with sym-
pathetic interest their careers in
other places. Carried unanimously.

Miss Bellis, of Waskasoo, and
Miss Goudie, of Waskasoo, were en-
gaged to fill positions on the teach-
ing staff, and other positions will
be filled at a later date.

Moved by R. L. Gaetz that a poll
be taken on by-laws 26 and 27, as
required by the ratepayers, and that
it be held on the 28th inst. In Mr.
Munro's office; that Mr. Munro be
returning officer and T. M. Wright
poll clerk; and that a notice of poll
be inserted in the papers. Carried.

Moved by J. A. Carswell that a
public meeting be called by the
Board to discuss the by-laws, on
Wednesday evening, June 26th, at
9 o'clock, in the assembly room of
the school. Carried.

The following accounts were passed:
Baird & McKenzie \$313.00, Best
Furniture Co. 14.25, Cushing Bros.
60, Gaetz-Cornett Co. 31.05, N.
Morphy & Co. 1.00, Day Hardware
Co. 45.10, D. M. Wright 12.00, D. A.
McGill 32.25, T. A. Gaetz 1.00, Geo.
M. Hendry Co. 50. Horticultural
Society 1.50, Miss Millar 2.35.

The principal's report was received
and filed. There were 417 children on
the roll during the past month.

IMPORTANT TO FARMERS

Red Deer, 15th June, 1912.

To the Editor, "Red Deer News."

Dear Sir,—In your issue of 29th
May we had an advertisement calling
attention to the Competition in
Standing Fields of Seed Grain which
is to be held this year by the Red
Deer Agricultural Association.
Owing to perhaps carelessness on
our part in the wording of the
advertisement, some of the farmers
who have read it have an idea that
the entry fee of \$2.00 would be pay-
able to us. This is not the inten-
tion. The competition is being held
by the Agricultural Association, and
the entry fees are payable to the
Association. Not one dollar comes
to us. Beyond giving the first prize
of \$100.00 for the best ten acres of
oats, we have nothing whatever to
do with the competition.

We regret that any misunderstanding
has arisen, and hope that this
letter will make clear to intending
competitors that the money they pay
in entry fees will belong entirely to
the Agricultural Association.

Yours respectfully,
CUNNINGHAM LAND COMPANY,
per J. E. Cunningham.

LOANS

The Directors of one of our Loan Companies were here
recently, and advised us that we could loan out \$100,000
during next 30 days, on improved town property, and
unlimited funds on improved farms.

Loans are put through promptly and with a minimum of expense
with interest at 8 per cent per annum. This is a straight com-
pany, no monthly payments and can be secured if desired with
all the principal money repayable at end of term, or paying in-
terest only every six months. Let us give you full particulars
of our loans.

HAIL INSURANCE

We have completed arrangements with a responsible company
to handle this business for us at rates, which we think, will com-
pare favorably with any company doing this class of business.

NOW IS THE TIME TO INSURE.

DOMINION DAY CELEBRATION

Provincial Athletic Meet RED DEER, JULY 1

Red Deer's Famous Annual Sports Gathering will be greatly enhanced in interest and enjoyment this year by the holding for the first time in Central Alberta of the extensive programme of the Alberta Branch of the Amateur Athletic Union of Canada---which authority controls all amateur sport records in the Dominion.

\$1500 GIVEN IN PRIZES \$1500

DEMONSTRATION

A Patriotic Demonstration will take place at 10 o'clock. School pupils of country and town will march and ride in procession to the town square, where the Citizens' Band will lead the music and choruses. Addresses will be given by some of Alberta's most eloquent men.

Flag Raising will be a feature of the proceedings.

TRAP SHOOTING

The Trap Shooting will commence at 9 a.m. and will be the biggest meet ever held in Western Canada. Red Deer is the only club west of Winnipeg which has two traps, and expert shots are coming from all over the Western States and Western Canada to compete.

ATTRACTIONS AT EXHIBITION PARK

In the afternoon at the park, commencing at 1 o'clock sharp, the athletic events will be started. The Amateur Athletic Union events will be under the charge of the Provincial Officers, who will run off the track events and the field events at the same time. WRITE FOR COMPLETE LIST OF EVENTS.

FOOTBALL

It is expected that Edmonton, Calgary, Olds, Didsbury and local teams will compete for the magnificent trophy put up.

BASEBALL

HANDSOME PRIZES
WILL BE OFFERED FOR
ALL DISTRICT TEAMS

HORSE RACES

A good list of events for horses and ponies is being prepared. Local lovers of horses are training hard and good racing is sure.

The day will conclude with a Splendid Programme of Music by Red Deer Citizens' Band now one of the largest and best in Alberta; also a Monster Bonfire and Thrilling Display of Fireworks on the Town Square

Red Deer and the Provincial A. A. U. Officers extend a hearty invitation to the whole province and district to spend a big day with them at Red Deer. WRITE FOR PROGRAMME AT ONCE.

ADVERTISING RATES ON APPLICATION
WEDNESDAY, JUNE 19th, 1912.

THE GOVERNMENT RESPONDS.

The strong agitation throughout the west for a reduction of the duty on cement has resulted in the Dominion Government cutting the duty in two. The duty on cement was a little over fifty cents a barrel, it will now be only twenty-six cents per barrel until first of Oct. The Toronto Mail says: "This reduction of duty is effected by virtue of a clause in the Audit Act which permits the government to remit duties when it deems it right, or conducive in the public interest to do so. The responsibility incurred in taking such action without legislative sanction is very great, the course pursued on this occasion probably being the most drastic ever taken on a tariff matter by a Canadian government."

The needs of the situation in the west, however, seem sufficiently acute to warrant the course taken. The Toronto World enlarges on the matter by stating that now this drastic measure has been taken by the government in respect to cement, it follows that the same line must be applied to other unfair interests having the benefit of the Canadian tariff. We do not care who they are; if they act unfairly they must be made to act fairly by means of the powers conferred on the government and exercised as in the case of cement. It seems to us, therefore, that the whole Canadian tariff is up for revision by way of the Audit Act. We do not know whether Mr. Borden and Mr. White see it in this light, but certainly the public will see it, and the Audit Act may be more efficacious than a tariff commission or a general election in rectifying any wrongs that exist under the tariff. It looks to us as if the manufacturers will be somewhat surprised at the change that has been brought about.

And if the government has interfered with the cement trust it must interfere with the Canadian Pacific, which is accumulating an enormous surplus by its refusal to reduce its rates as provided for in the original contract. Government action is the only thing that will bring relief to the people of the Canadian West in the matter of freight charges, even though the action should be drastic. We may need drastic action in Canada in many other directions. Government action or parliamentary action is the only quick way of relieving public grievances, and that is what The World has been preaching for many years.

The Toronto Globe on the other hand does not think freight rates can be cut without injury resulting to the G.T.P. and the C.N.R. These railways are struggling to get a foot hold in business, and if the C.P.R. should reduce its rates the other lines would be greatly injured thereby. If the rates are too high, they should be reduced no matter who suffers thereby. If they are not too high, we have no right to ask for a reduction.

STANDARD FIELD GRAIN COMPETITION.

It will be noticed by announcement in another column that prizes to the extent of \$300 is given for best ten acres of oats within a radius of fifteen miles of Red Deer. Every farmer with a good ten acre plot, or ten acres of a bigger field, should enter this contest. It is up to the settlers to back up the Agricultural

Society in its efforts to advance the growing of grains in the neighborhood, and it is hoped this last appeal will cause many more to enter the contest. So far only a few entries have been made. Be a sport, and try and win that hundred dollar prize.

"The Standard of Empire," of May 31st, published in London, England, has the following to say: "The Red Deer Board of Trade has issued a bright little pamphlet describing this growing town situated halfway between Calgary and Edmonton, Alberta, which already boasts a population of 3,800. The photographs give a good idea of the town and its surroundings, while the letter press shows how the town is bound to develop owing to its strategic position as the eventual centre of nine radiating railways."

That young man who thinks he is poor because he has no bank account, little understands the value of God's free gift of health and strength, little appreciates the fact that the brightest and best of the country are self-made and come to the notice of the world from just such beginnings. Guts by idle moaning that they are poor, but by going carefully to work, perfecting themselves in their chosen pursuits and becoming so useful to those about them that their services are always in demand, whether it be on the platform, in the shop or in the kitchen, for all are honorable alike.

W. A. Boys, K.C., Conservative candidate for South Simcoe, was elected by acclamation to the Dominion House of Commons, Monday of last week, his name being the only one brought forward. This is another tribute to the popularity of the Hon. Mr. Borden and indicates the policy of the government meets with general satisfaction.

The Delburne Progress is the name of a new paper to hand this week. We wish the Progress every success. It is fairly well printed, and should receive the support of the people in the Delburne district.

Down in Macleod a quarter section of land adjoining the town, which sold for \$25 per acre three years ago, sold for over \$500 per acre last week. This looks as though our southern town is going some at the present time.

Hon. Malcolm McKenzie was declared elected by only 14 votes. A pretty close shave for a cabinet minister. There may be a revolt.

Believed 200 Have Perished

SIX VILLAGES MAY HAVE BEEN DESTROYED

Seward, Alaska, June 12.—That about 200 persons have perished in the destruction of six villages as the result of the eruption of the Katmai volcano, was the belief expressed here today by persons on board the Cannery tender which arrived here. The villages, most of whose inhabitants are native fishermen, are Kanatuck, Savanousky, Douglas, Gullyday, Kamagait and Kitamai. The tender reported that at last reports the eruptions had ceased but that sharp shocks today caused a fear that they might have been renewed. It is impossible to get any details, but the tender brought word that when it last heard the village of Tyak, on Kodiak Island, was safe. It was reported previously that this village was destroyed. It is now hoped that all the settlements on the island escaped without damage other than getting a covering of volcanic ashes. There is some apprehension over the fate of Afognak Island, which lies between Kodiak Island and the Katmai volcano.

Miss Michener's Recital

The following pupils took part in the recital given by Miss Michener's pupils on Friday evening last.

PART I.
Solo, Scherzo, op. 13, No. 7, Lilia Greene; Solo, Melodie, op. 10, No. 1, Marion Munro; Duet, Shepherds' All, Misses Smith and Park; Solo, Gavotte, No. 1, Minnie Hewson; Solo, 2nd Valse, Katie Carswell; Trio, Gavotte, Misses Smith and Park; Solo, May Bells, op. 135, Roland Michener; eight hands—two pianos, Misses Melbride, London, Hale and Park.

PART II.
Solo, At the Fountain, op. 13, Lela Park; Solo, (a) Idilio, (b) Valse, op. 64, No. 1, Bessie Dale; Duet, Harmonious Blacksmith, Misses Youmans and Miller; Solo, March op. 39, No. 13, Miss Miller; Solo, Invitation pour du Valse, Miss Jessie Shenfield; four hands—two pianos, Belisario, Misses Smith and Youmans; Solo, Senate Pathétique, op. 13, Miss Youmans; eight hands—two pianos, Taunhauser March, Misses Smith, Youmans, Miller and Park. The four and eight hand selections were particularly good, and the solo by Miss Youmans was well worthy of special mention.

NOW that you are about through seeding you will begin to make preparations for the breaking season. For all kinds of breaking—plow, harrow, etc.—the JOHN DEERE No. 8 Stag has proven itself superior to all others. The engine plow team, with the wheel brackets hot-rotated to it (not bolted) gives it great strength, and the adjustable mouthbar fits it for all land conditions. Either the No. 14 chain and pulley hitch, or the E-horse almost all seeders can be had with this plow.

We have now set up a sample JOHN DEERE Binder which we would ask you to come and see. It's a handy.

Also agents for the Manitoba Pumping Engine, all Dain Hay Tools and the famous Nichols & Shepard Threshing Machinery.

THE TOWN COUNCIL

The regular meeting of the Town Council was held Thursday evening last, with His Worship Mayor R. B. Welliver in the chair, and Councillors Byers, Malcolm, Botsford, Gaetz, Galbraith and Botsford in attendance.

CORRESPONDENCE.
Constable H. Crane sent in his resignation on the police force, to take effect at the end of the month. The Union of Alberta Municipalities notified the Council of an annual meeting in August at Innisfail.

The Deputy Provincial Secretary wrote that the department were following up the request made some time ago for recognition with regard to the King's medal for Chief Bell, and that the recommendation for a medal should reach the department before Sept. 30 in each year. The application was received after that date last year, and the question will be taken up before that date this year.

The Western Canada Fire Underwriters wrote stating that the rate of 5 cents on present rates would be allowed on insurance provided a motor fire truck was purchased, and provided also the horse apparatus was still maintained.

The result of the by-laws was read. J. Carlyle Moore notified the Council he had complied with the requirements of the by-law for closing of the subdivision could be made over to him.

Councillors Carscaddon and Malcolm moved that the solicitors be instructed to prepare a by-law to close Wasbasco Crescent in accordance with Mr. J. C. Moore's letter of June 12, 1911.

Commissioner Stephenson said Constable Crane resigned because he could not live on the salary he received, and because the force was not conducted in a business manner and in too aliphad a fashion.

The Council seemed to think there might be some other reason, but if Constable Crane wished to resign, they would accept his resignation, although he was a good man.

On motion of Councillors Malcolm and Carscaddon, the resignation of Constable Crane was accepted. Moved by Councillors Byers and Botsford that where as John J. Bell, Chief of Police No. 6, Bell was shot in the abdomen and very seriously wounded while going to the assistance of two men, and that the Town of Red Deer, who were being held up by a desperado, Chief Bell being at the time unarmed, and the man threatening him with a knife, in spite of which Chief Bell ran at him to endeavor to capture him, and whereas Chief Bell showed conspicuous bravery in the act, and therefore he resolved that the Council of the Town of Red Deer recommend the granting of a King's Police Medal to Chief Bell.

The Mayor said the Council would give the questions their best consideration. Geo. W. Greene appeared on behalf of the Canadian Northern Railway to purchase a piece of land east of the proposed line south of town, between the line and the exhibition park. He said the north end work was pretty well finished, and he was instructed to secure property in the south end. It was intimated this property might be used as a cattle yard.

This is the property the Exhibition Association desired to secure as an addition to the fair grounds. Commissioner Stephenson said the C.N.R. should not be allowed to do a bit of work until the agreement with the company was properly signed by the company. The town solicitors were asked to have this attended to, but so far it had not been done.

Mr. Greene thought the town was amply protected by the mufsons on record on the minutes of the Council. He would, however, interfere with the company coming in until a proper agreement was signed.

It was decided to draw up a resolution dealing with the question later on or at an adjourned meeting, as the Council seemed strongly opposed to handing over this property to the railway company.

Mr. Greene also spoke of a committee appointed by the Hospital Board to meet the Council to discuss relations between the Board and Council.

On motion of Councillors Galbraith and Byers, the Commissioners and Councillors Carscaddon and Botsford were appointed a committee to meet the Hospital Board committee to draft a basis of agreement between the two bodies, and other matters of importance relative to the town taking over the hospital.

COMMISSIONERS' REPORT.
The Commissioners brought in the following report:
We have discussed with W. A. Moore, Manager Western General Electric Co., the question of building a stand pipe, and he has promised to obtain information as to the best methods of regulating pressures while he is in the east. On his return we will further discuss the matter with him. We have also asked Seymour & Dave to obtain specifications and prices for a tank large enough for our requirements. We will report on the matter as soon as we have the necessary information.

We have requested Seymour & Dave to submit a report on the cost of a rock crushing outfit, cost of operating same, supply of rock, and cost of macadamizing streets.

We have had applications for sewer connections from residents of Woodvale, also some residents of Parkvale have applied for connections which cannot be given them to the present system. We have been granted an extension of time for the construction of the septic tank until this year. It is evident that to serve the eastern part of the town another outlet will have to be provided down the river. We interviewed Mr. Owens, Provincial Sanitary Engineer, on the question, and informed him that we had engaged Seymour & Dave to make a survey and topographical map of that district. They will arrange to have Mr. Owens act as consulting engineer to plan out a system to supply that district and also to carry the present system into it, thus doing away with the present septic tank site. Mr. Owens advised that this be done, and he has agreed to give an extension of time to build sewage disposal works pending the completion of the report.

We discussed with Seymour & Dave the agreement for engineering work, and submit herewith the agreement we entered into, which is satisfactory to them.

We have gone carefully over the Calgary building by-law and are prepared to submit it with you. With few changes we believe it will be suitable to our requirements.

The Western General Electric Co. reported some silt in the suction pipe as per letter submitted. We requested the engineers to investigate the matter and discuss with Mr. J. Watson a solution of the trouble. It was attended to this afternoon.

We instructed Seymour & Dave to commence work at once on the bridge over Wasbasco Creek on Gaetz Ave. and to order the necessary material.

Seymour & Dave prepared plans and specifications for the new walks. Tenders were called for up to the 8th inst. List of tenders received is submitted herewith.

On the recommendation of the engineer the lowest tender, that of the Forest City Paving Co., was accepted. They have been requested to commence work as soon as possible in connection with the awarding of the contract we arranged with the contractors to have them grade Brook Street and use the surplus earth for filling on Gaetz Ave.

We have received the money for the Local Improvement Debentures sold to Wood, Galt & Co. It has been placed to the credit of the town account in the Merchants Bank.

We have commenced the building of the plank walks provided for in the estimates and will have them all laid as soon as possible.

We ordered 50 extension valve boxes from the Alberta Iron Works at \$1.35 each. These are required for the installation of water service.

We requested Seymour & Dave to order the pipe for the sewer extensions planned for this year.

We opened the tenders for the additions to the offices. They were as follows: Baird & McKinnis, \$8,750; Horton & Willis, \$9,840.00; E. Botsford, \$10,250.00. Heating and plumbing—Day Hardware Co., \$1,994.00.

Smith & Gaetz, \$2,495.00. Smith & Gaetz also submitted on a special heating system for \$2,559.15.

We recommend the acceptance of the tender of Baird & McKinnis for the building, and of Day Hardware Co. for the plumbing and heating. We submit herewith statement of receipts and disbursements for May.

We recommend that a grant of \$150 be made to the Firemen to enable them to send a team to Pincher Creek for the provincial fire tournament, as they have requested this.

We submit herewith statement of defense filed in the case Town of Red Deer vs. Postill.

We submit request for approval of a subdivision of land belonging to the Cement Works, Limited. The engineers are preparing a report on the extension of Neilson Ave. to connect with Brick Street, we recommend that this request be laid until the engineer's report is received.

We hope to have the rate by-law prepared by next week, so that we can commence the preparation of the tax notices.

W. E. Lyle requested to have his account connected with the sewer system. We have requested the engineers to prepare a report on this.

We submit accounts for your authorization to pay.

We submit for your consideration the following by-laws:
For third reading by-laws 288 to 291, excluding 291.

To authorize the borrowing of a sum of money for construction and other purposes, pending the sale of debentures.

To authorize the signing of an agreement between Seymour & Dave. To authorize the purchase of certain properties.

The only petition received against a local improvement advertised was from S. Wilson against the laying of a cement walk on 1st St., S. from 1st Ave. West to 2nd Ave. West. Lot 11, owned by S. Wilson, is assessed for \$6,000. Lots 12, 13, 14, owned by Mrs. C. H. Craig, are assessed for \$10,000. According to the Act a petition against the construction of a local improvement must be signed by a majority of the owners whose property is affected, representing 50 per cent. of the total assessed value.

We would respectfully suggest to the Hospital Board that, in providing for the addition to the hospital building a stand pipe should be provided, running to the top story, with valves and hose on each floor, so that in case of fire they will have a measure of fire protection within their own building.

All of which is respectfully submitted.

A. T. STEPHENSON,
R. B. WELLIVER,
Commissioners.

A letter was read from C. Watson, claiming there was a certain quantity of mud in the intake pipe. The town was taking up the question with Mr. Watson and Mr. Dain and a satisfactory solution will be arrived at.

Councillors Galbraith and Botsford moved that with respect to the recommendation of the Commissioners in Clause 13 re. tenders for town office building, that the tenders for building be referred back to the Commissioners to consult with the architect and report again to Council, and that the Commissioners ask for tenders from the Day Hardware Co. and Smith & Gaetz for a vacuum system and heating and plumbing, and report to Council also concerning the same. Carried.

This step seemed necessary owing to the fact that some of the tenders were without cheque, while others could not meet the recommendation of the architect. The discussion on heating brought out the point that a vacuum system was so far superior to the old system that the Council concluded to ask for further tenders, and if the additional cost is not too much a vacuum cleaner will be installed.

As the discussion took some time, it was decided to go into the other clauses of the Commissioners' report on Monday evening.

ACCOUNTS.
The following accounts were passed:
Smith & Gaetz \$49.30, Day Hardware Co. \$5.82, H. B. Munro \$2.75, T. S. Miller \$15.00, John Galt Engineering Co. \$94.00, A. McBlain \$5.00, Cushing Bros. \$32.00, Red Deer Clean Laundry \$1.00, The Day Hardware Co. \$50.00, Office Specialty Manufacturing Co. \$3.65, F. Krause \$10.05, Wage Sheet for May 70.75, Secretary Board of Health \$1.00, Secretary Union Canadian Municipalities \$10.00, A. W. Peck \$12.45, The Great West Lumber Co. \$25.36, W. W. Smith \$1.00, J. H. Walker \$6.33, wage sheet for May 1900.37, G. Thomson \$6.12.

W. E. Lord, president of the Agricultural Society, was present and spoke briefly regarding the buildings of the Society. He thought it would be better if the buildings were delayed in any manner until next year, as the Society was in good working trim now and it would take two years to make up for the loss the Society would sustain by the delay.

The Council, after considerable discussion, gave Mr. Lord the impression that they would at once proceed to construct at least two stock buildings, if not three, after which the Council adjourned to Monday evening, June 17, at 8.30 o'clock, to finish the Commissioners' report and other business.

An English Chemist Has Discovered How to Grow Hair

In England the ladies have entirely abandoned wearing hats, which is due entirely to this new discovery. It has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-sought-for article is proven every day.

The Americans are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale.

This preparation is called SALVIA, and is being sold with a guarantee to cure dandruff and to grow hair in abundance. Being daily perfumed, SALVIA makes a most pleasant hair dressing. Gaetz-Corlett Drug & Book Co., your drug store, is the first to import this preparation into Red Deer, and a large, generous bottle can be purchased for 50c.

We are selling agents for the famous Ideal Hammo Couch Swing

The kind you seen on the special "Made In Canada" train. These are without doubt the best thing ever invented. They are very strong, comfortable and everlasting.

We also have a nice assortment of
Porch and Lawn Chairs, Camp Cots,
Lawn Swings, Etc.

THE W. E. LORD COMPANY LIMITED

Red Deer at Edmonton

On Wednesday Red Deer put it over Edmonton by the score of 7-1. Dickenson and Skillman were the twirlers, and both pitched good enough ball to win, but Dickenson got better support than Skillman. Dunn was right there with the big club, smashing out two home runs and a two-bagger. The Deers got six runs in the first two innings, and only one in the next six, while Edmonton got two runs in the first five and two in the last three. Following is the box score:

Edmonton—	AB	R	H	P	O	A	E
Mackin, 2b	4	0	1	0	2	0

Score by innings—
Edmonton—00002011—4
Red Deer—33001000—7

THURSDAY'S GAME.
Edmonton whitewashed Red Deer to the extent of 5-0 in a fairly good game of ball on Thursday night. Edmonton got all their runs in the first innings. Ford pitched a good game, and Daniels, after the 1st inning, twirled good ball. The game was called half way through the sixth inning on account of rain. Bill Harley, the Red Deer manager, was absent, and the Red Deer team lacked the pep and fight which characterizes the play when Bill himself is on the field.

The box score is as follows:

Red Deer—	AB	R	H	P	O	A	E
Daniels, p	1	0	0	0	2	1	
Holmes, 3b	1	0	0	0	1	0	
Dunn, lb	2	0	0	6	1	1

U.F.A. Edwell Union No. 53

The monthly meeting of this Local Union was held on Wednesday, June 13th last, with Mr. F. Graham, Vice-President in the chair. The minutes of the previous meeting having been disposed of, the members considered the monthly circular from the Executive. With regard to the Campaign Fund, after discussion as to the best way of furthering this object, it was proposed by James Comer, seconded by P. E. Ellis, and carried unanimously, "That this local Union contribute the sum of \$6.00 to the Campaign Fund," and members notified that they are assessed 10c each to this object.

PARCEL POST.

It was agreed that this would be an excellent institution and would be an improvement on the exorbitant rates charged by carrying companies, and members urged to write to the Postmaster-General asking that this matter be considered.

CO-OPERATIVE ELEVATORS

This was laid over to a future meeting.

ANNUAL PICNIC.

The report of the picnic committee was received, and in the result it was found that after paying all expenses in connection therewith, it resulted in an addition of \$25.00 to the funds. It was moved and seconded that a hearty vote of thanks be accorded to all those gentlemen who contributed to make the picnic the unqualified success it was.

BINDER TWINE.

After considerable discussion, it was resolved to procure Eaton's twine this year, and members are notified to be sure and attend the next meeting of the Union on July 10th, 1912, with their orders and the cash for the amount required.

Members are particularly urged to attend the meeting in July and each one endeavor to introduce a new member (as it is the numbers that count), and uphold the honor of the Edwell Union by making it one of the strongest and worthy of the district it represents.

F. J. POWELL,
Secretary-Treasurer.

Calgary Exhibition

C. L. Trimble, of Princeton, Ill., has been engaged by the management of the Calgary Industrial Exhibition to act as secretary in the speed department. Mr. Trimble has had a number of years' experience in this work at race meets all over the continent.

The closing date for the entries for the Calgary Industrial Exhibition at Calgary, June 28th to July 5th, is Saturday, June 15th. E. L. Richardson, manager of the exhibition, is desirous that all exhibitors should send entries in as much before that date as possible.

The attractions at the Calgary Industrial Exhibition this year will be exceptionally high class. This exhibition in the past has set a high standard for these events but it has exceeded itself this year. The great Navarvas Ladies' Band, which in the past has proven so popular, will again be seen and heard there.

Jimmy Curtis in his Curtis aeroplane has contracted to make one or two flights every afternoon, and as Mr. Ward has always done what he contracted to do, the visitors at the fair can rest assured that they will see some splendid flights.

The Davis family of acrobats are considered the best on any of the European and American circuits; the International polo team, which is four men who play polo with bicycles has made a great hit in New York and London. These men use no sticks but drive the ball by clever manipulation of the wheels. It makes a very speedy game and a most interesting one.

The four trained East Indian clowns which have been showing in the music halls in London will be seen also. These wonderfully intelligent brutes go through a short programme of stunts which is one of the best ever produced.

The Midway will be under the management of H. A. Kline and will be highly entertaining. A number of high class side-shows and special midway entertainments have been secured and under the management of Mr. Kline, one of the best men in this kind of work in the continent, will prove a great attraction.

A grand fireworks programme has been arranged for at the Calgary Industrial Exhibition. Four programmes, entailing an expenditure of some thousands of dollars, will be given. They will include aerial thunder bombs, fire balloons, wonderful pyrotechnic lights, bursting stars, etc. Then there is the "Sun of the Golden West," an immense circle of spouting fire 120 feet in circumference; the "Performing Bear," showing in light a clumsy bear trying to do acrobatic stunts; thousands of beautiful star and flower effects. The great fireworks some of the "Siege of Quebec" will be given, a wonderful creation of fire and lights. It is in itself one of the most wondrously impressive sights.

NOTICE.

Will pay cash for a good farm. Must be in the neighborhood of the Marianne School. Apply—JUNE 12. DICK BLEVY, R.R. No. 1, Red Deer.

FOR SALE.

3 lots at Sylvan Lake, in Kennebuck Park. Lots are 50 x 100, high and dry, with nice shade trees, and only 50 yards from the best and safest beach on the lake. Will sell singly or together. Apply to owner—W. J. STEPHENSON, Red Deer. June 12, 2w

THE SHIRTS WITH ATTACHED CUFFS

—now so much worn—are laundered in the way that pleases particular dressers at our laundry.

We iron these cuffs so they are firm and stiff, not limp and spongy.

We shape them to fit your wrists—making it an easy matter to put the link buttons in place, and avoiding the cracking of the centre of the cuffs, by bending them into shape while cold and stiff.

Our process makes your cuffs look better and wear longer.

Try The Work—You'll Like It!

Always a complete line of Fresh Vegetables: Tomatoes, Onions, Lettuce, Radish, Turnips, Beets, Carrots and New Potatoes. **SATURDAY, Navel Oranges, 15c**

NORTHERN CANADA

Where Coal Can Be Dug From the Surface With a Shovel

That the two largest coal fields in the world have been discovered on Canadian soil is the belief of Captain James, a member of the Canadian exploration party about Captain James' "Arctic" fields. Captain James says are located in Baffin's Land and the two are just 100 miles apart. In spite of their high altitude he declares they will be workable all the year round. The coal is so easily secured that it can be dug from the surface with a shovel.

"This northern part of Canada will be the greatest country in the world," said Captain James. "I believe that the report of the Arctic's last voyage when it is made public will be of great value."

Captain James spent eight months prospecting alone. He was hundreds of miles from the ship during that period. His discoveries show that thousands of years ago Baffin's Land was a very different piece of country from what it is at the present time. Twenty-five feet under the surface he discovered an immense forest in a state of perfect preservation. The trees, pointing due east and west, are laid as flat as a wheatfield blown down by a cyclone. The timber, he declares, is in perfect shape. Even the cones from the tree tops are as fresh as the day they fell.

THE LATE JUDGE MABEE
Who presided over the Railway Commission of Canada for several years with remarkable ability and fairness. His decisions were noted for their simplicity and directness of action.

ADVICE TO CANADIANS

How to Obtain a Favorable Hearing in London, England

Canadians must realize that London lends money to the whole world, writes a correspondent to "The Times," and when one country has borrowed \$1,000,000,000 within five years and wants more, he must accept the fact that while the British public will lend it to her, they will only do so at a price that will enable them to share in the prosperity of the country. A little advice to Canadians wishing to borrow money would do no harm, the great thing for them to realize is that the city is a small circle and all know each other—and when borrowers from Canada come over here nothing puts up the back of the city more than that of the borrower to go from one house to another trying to get a better price from each. That is the reason that the Londoners have been so successful in having known and in the end only results in making the city suspicious of that loan and closing the pockets of the British public. Business can be well and satisfactorily done through one of the financial houses that are known to have a thorough knowledge of Canada.

UNITED 143 FAMILIES

Imperial Reunion Association Does Effective Work

The Imperial Reunion Association which aims to unite old world families in the Canada of endeavor and opportunity, grows apace. Since its organization in Toronto it has passed upon no less than 650 applications of British immigrants who desired assistance in bringing their families out to join them, and has by its efforts in this connection, already united 143 families in Canada.

Automobile Smashes Drum
An automobile ran into a London band, colliding with the First Hussars' Band. No one was injured, but the big drum was badly smashed.

"Cochrane Special" Wrecked

Train Taking Calgarians to Cochrane Rakes Nearly Goes Into River

Calgary, June 12.—The "Cochrane special" which left Calgary for Cochrane this afternoon, carrying a large crowd to the Cochrane races,

was derailed near Brimburn. The engine went crashing down the steep embankment, narrowly escaping going into the river, and was badly smashed up, but the crew escaped without injury.

Several of the passengers were badly shaken up but none of them seriously injured.

If the accident had occurred a little further down the river, the train might have been precipitated into the river, as the bank is very sheer at this point.

IS SHE FAKING?

Doctors Become Suspicious of Blanche David's Performance

The hospitals in Montreal are growing a little suspicious of Blanche David, the imitator of the fat boy in Pinkie, Rip Van Winkle, the sleeping beauty, and other long distance singers. They are thinking that Blanche does her specific act as a means of securing board and lodging for her. Blanche has been picked up, twenty times, no fewer than twelve times, the cause of her slumming on each occasion being the lack of money for the night.

At one time she used to visit the land of Nod in the neighborhood of the general hospital, but after several of her visits the authorities there took to plunging her in cold water as a means of ridding her.

Now she does her Rip Van Winkle stunts near the Western hospital, where she was recently after being discovered in a street car. The doctors there noticed that she has added a new phase to her sleeping performance. Now she goes through a sleep walking act that all those aspiring to play the part of Lady Macbeth would do well to observe.

Blanche generally wanders out of her little cot around meal times and the regularity of her trips was the thing that made the doctors suspicious that her sleep was not all it seemed.

They also noticed that on one occasion she even put her coat and hat with her eyes shut. One doctor said that as she had done this without the aid of a glass, even if she lost her fame as the greatest imitator of Canada, she would still be a very remarkable woman.

Anyways, as Blanche did not make up her mind to come to the Western hospital doctors threatened to try the general hospital method of ridding her. They only had to talk about it in loud tones close to her cot, and with a yawn she woke and soon afterwards left the institution.

MEN OF NERVE

Most Structural Steel Workers Are of Irish Blood

It is a curious fact that most of the structural steel workers engaged on various huge structures in Canadian cities are of Irish blood. In fact, the Irish and Swedish or "Swedish heads" they are called, have almost a monopoly of this dangerous trade. The Irish will take more chances than the men of any other nationality, but the Swedes are not far behind, and how they divide the honors was illustrated recently. Two steel columns for the top storeys of a skyscraper had just been set in place at the corner, and stood squarely up fifty feet above the nearest cross girder. Each column was about eight inches square. When the news spread that a photographer was about to take a picture of them, two workmen "blinded" by the columns and stood on top. The man at one corner was an Irishman, the other was a Swede. Sometimes these structural ironworkers lose their nerve. Why it happens, or how, they do not know, but sometimes a sudden panic will overcome a man. When it does, he is known as a "coward" and he will not be trusted to work on the roof, and if he is not restrained he will go as sure as a man to give a mad desire to hurl himself from the roof, and if he is not restrained he will go as sure as a man to give a mad desire to hurl himself from the roof, and if he is not restrained he will go as sure as a man to give a mad desire to hurl himself from the roof.

BRAVEY REWARDED

Two Mitchell Boy Scouts to Receive Scrolls for Life-Saving

Scrolls of honor of the Canadian Boy Scouts, signed by the Duke of Connaught as chief scout were forwarded for presentation to Harry Coppin and A. Hughes, of Mitchell. The former was one of a group of boys who went swimming in a pond. Lorne Hutchison got beyond his depth, and had gone under four times before Coppin reached him. A. Hughes rescued a little girl from drowning.

IGNORANCE OF THE BIBLE

Professor H. F. Hamilton publishes some figures respecting the 156 Freshmen who entered the University of Massachusetts, last year. They were set a paper of six Bible questions, of which two were of an elementary nature. The results were as follows: (a) Development within a specified time. (b) Public charge of rates. (c) A rental charge subject to revision from time to time.

Have You A Bad Soe?

If so, remember these facts—Zam-Buk is by far the most widely used balm in Canada! Why has it become so popular? Because it heals sores, cures skin diseases, and does what you need. Why not let it heal your soe?

Remember that Zam-Buk is altogether different to the ordinary ointments. Most of these consist of animal fat. Zam-Buk contains no trace of any animal fat, or any mineral

CANADA'S GOLD COINAGE

Something of Intrinsic Value to Put Aside for a Rainy Day

The technical description of Canada's new ten and five-dollar gold coins is as follows: The ten-dollar coin, Ten-dollar—For the obverse impression, his Majesty's effigy, consisting of head and bust, wearing the Imperial Crown and the robe of State, with the collar of the garter, and looking to the left, with the inscription, "GEORGE V. DEL. GRE. REX. ET. IMP. CAN." and for the reverse, a shield bearing the arms of the Dominion of Canada, surrounded by the inscription "CANADA," and bearing underneath the words, "TEN DOLLARS," with date of issue; with a graining upon the edge.

Five-dollar—The same obverse impression and inscription as the ten-dollar; and for the reverse, a shield bearing the arms of the Dominion of Canada, surrounded by the inscription "CANADA," and bearing underneath the words, "FIVE DOLLARS," with date of issue; with a graining upon the edge.

GROWTH OF WESTERN CANADA

Nothing in History to Parallel the Rapid Settlement of Provinces

In all the annals of world history there has been nothing to parallel the present settlement of the prairie and park lands of western Canada. To-day from both the east and the south a concentrated river of humanity is pouring into the Canadian west and building up the country with phenomenal rapidity. The gain in population of the four western provinces between 1901 and 1911, was 1,117,029 people, or an increase of 187 per cent. The gain in population of the five western provinces was 763,540 people, or only 16 per cent.

Entering into details, the Province of Alberta, which had a population less than a good many eastern cities in 1901, or, to be exact, 73,022, now supports 374,633 people, a gain of 412 per cent. in the ten years. Saskatchewan was credited with a population of 51,279 in 1901. It now holds 492,452, and is the fourth Province in Confederation. Manitoba has grown in the ten years from 255,211 to 455,000, and British Columbia from 178,657 to 392,480. Compare these figures with the percentage gains in eastern Canada where Quebec advanced by 21 per cent, Ontario by 13 per cent, and Nova Scotia and New Brunswick by very small margins, and it will be apparent that western growth has been much more rapid than eastern growth.

GRANTS OF WATER-POWERS

Steps Taken to Safeguard the Rights of the Public

The water-powers of Canada are among the most valuable possessions of the country has. To safeguard the rights of the public, the Commission of Conservation has adopted the following principles to guide it in formulating the opinions it gives on questions relating to the disposal of water-powers.

- Development within a specified time.
- Public charge of rates.
- A rental charge subject to revision from time to time.

Big Store at Calgary
The Hudson Bay Company is constructing an eight-story departmental store in Calgary, Alta.

Have You A Bad Soe?

If so, remember these facts—Zam-Buk is by far the most widely used balm in Canada! Why has it become so popular? Because it heals sores, cures skin diseases, and does what you need. Why not let it heal your soe?

Remember that Zam-Buk is altogether different to the ordinary ointments. Most of these consist of animal fat. Zam-Buk contains no trace of any animal fat, or any mineral

matter. It is absolutely herbal.

Remember that Zam-Buk is at the same time healing, soothing and antiseptic. Kills poison instantly, and all harmful germs. It is suitable alike for recent injuries and diseases, and for chronic sores, ulcers, etc. Test how different and superior Zam-Buk really is. At druggists and stores at 50c box. Use also Zam-Buk Soap. Relieves sunburn and prevents freckles. Best for baby's bath. 25c tablet.

FINE DISPLAY OF CANADIAN GOODS

The "Made-in-Canada" Train Which is Touring the Canadian West

The "Made-in-Canada" train which is exhibiting Canadian factory products at many points in the West is proving to the people of Western Canada that products made by Canadian artisans are equal in quality, variety and value, to the best that can be produced anywhere in the world. This train itself is a striking example of what Canadian workshops can produce. Everything from the engine to the dining car was made in the Angus Shops of the Canadian Pacific Railway. Even in such advanced lines of manufacture as locomotives and modern rolling stock it is not necessary to go out of Canada to obtain the best. Every exhibit is Canadian-made and benefits by comparison with similar products from any other country. The special might have been extended indefinitely and yet central nothing but "Made-in-Canada" goods.

Thousands of American Farmers in Manitoba, Saskatchewan and Alberta are many thousands of farmers who come west with their families are accustomed to American products and naturally continue their use in Canada, but are ready to see the train gives them this information. That many of them are inspecting Canadian goods. They are ready to accept but previously have had little or no information on the subject. In case, seeing is believing. The "Made-in-Canada" train is their object less. They find a car fitted up as a modern house, consisting of parlor, living room, bedroom, dining room, kitchen. All the furnishings in the house have been made in Canada. This is an object lesson of the fact that the home can be furnished throughout with Canadian-made goods.

One West of Great Lakes

The train also contains evidence of the fact that the West is already taking a creditable place in manufacturing. One car allotted to exhibits west of the lakes, contains goods from factories at Port Arthur, Fort William, Winnipeg, Indian Head and Moose Jaw, and was attached to the train at Port William.

It is, however, being demonstrated that there are unlimited possibilities west of Winnipeg for factory development. This is accomplished largely by lectures illustrated with over two hundred first-class illuminated views of typical industrial scenes. The people of the west are given first hand information as to what factories mean to a community, how they add to the production, benefit mercantile life, and represent the most important element in the future of the west. These lectures during the day are given in the dining car fitted up for demonstration purposes, but where there are night stops, some civic hall is used. This series of illustrated lectures is one of the most interesting and instructive features of the trip. The lecturer is Mr. T. H. Rice, of Winnipeg, Ontario, who has represented Canada at World's Fairs in New Zealand, Australia, Belgium and Scotland. He is fluent in English and is conversant with the subject.

This idea is promoted still further by about twenty manufacturers and their representatives, who are on the train, and are glad to learn of the natural resources and other advantages of western districts for manufacturing. In fact, the manufacturers of the West are doing a great deal of work in the west, to give him an idea of what can be done along the coast in the Prairie Provinces. The exhibition and the various features in connection with it is thoroughly equipped with all the latest encouraging industries to locate in the western districts.

Factories in the West
A Surprising Degree of Progress is Manifest
Industrially, it may be said that the west shows a surprising degree of progress. While there are no figures available to illustrate the extent of western manufacturing, either in the number of factories, the number of hands employed or the value of the output, still there have been enough details procured in the principal cities to prove that manufacturing is gaining considerable foothold. The products made in the west are those connected with the building trades which are necessarily very active in view of the tremendous growth of the cities. But the list also includes a vast number of other commodities, and with the increased population, small factories are being undoubtedly growing in large factories to morrow.

HOME TRADE OF \$90,000,000

Canada's home consumption of goods is increasing, but few seem to realize the extent of the increase. The increase cannot be less than \$90,000,000 every year, in milk and all its products. This is not our home market, but our 90,000,000 of the dairy cattle that it did ten years ago. The home trade cannot be far less than \$90,000,000 a year, which means the home market is by far the most important one for the dairy farmer.

Residence for Teachers Proposed by Calgary School Board

Increased Cost of Living Making Scheme Imperative

(Calgary Alberta, June 5)
The question of erecting a teachers' residence on somewhat similar principles as the Y.W.C.A. is likely to engage the attention of the Calgary school board in the near future. In conversation with The Albertan yesterday, Trustee H. A. Sinaott, ex-chairman of the board, stated that the question of an administration building must soon be considered.

The present offices in the city hall are becoming altogether too crowded for the rapidly increasing business of the board and larger accommodation is imperative in the near future. In addition to this, the offices at present occupied by the school board will shortly be required for civic purposes and the board will be required to vacate them.

AN ADMINISTRATION BUILDING
Under these circumstances the board has decided to ask approval for the erection of an administration building at some central location.

RESIDENCE FOR TEACHERS
In connection with this plan Mr. Sinaott's suggestion is that a teachers' residence be built in connection with the administration building. Two lots could be secured, say, in the vicinity of Central Park, and a three story building erected on it. The ground floor could be used for the administration offices and the two other floors for accommodation of the teachers of the city who might desire to avail themselves of its advantages. It is calculated that about 100 rooms could be provided for in such a building which would be modern in every respect and provided with every convenience to be found in any such establishment on the continent.

INCREASED COST OF LIVING

Due to the increasing cost of living, the board has during the past few years been called upon to increase the salaries of teachers, thus adding considerably to the yearly expenditure. If such a residence as proposed were established the teachers could live more cheaply, have better accommodations, and they could in private residences and, besides, have the advantages of social intercourse with those of their own profession. The building must, of course, be erected in some central locality, which would be convenient for the teachers of the different schools of the city.

Free Trade Within Empire

London, June 12.—At the session of the Chambers of Commerce of the Empire today a vote was taken on the principle of Imperial Trade preferences, 122 delegates voting for it and 9 against, while 58 were either neutral or abstained. R. D. Soble, of Clinton, Ont., said:

"England's policy was to give away everything and get nothing in return." During the course of the debate Sir Samuel Royle, Lord Mayor of Manchester, objected to one colony like Canada being given particular favoritism. The ideal way was free trade within the Empire.

HORSES AND CATTLE WANTED TO PASTURE

Wanted, for the summer, any number of horses and cattle to pasture. Plenty of water and plenty of good feed. Land well fenced. Terms moderate. Also good demerol, used months, for sale. Apply to G. SCHONEMANN, Box 194, Red Deer, N.E. 2-30-27, 4 1/2 miles North East of Red Deer. Ap 17

EDWARD MICHENER, M.P.P., LEADER OF THE CON- SERVATIVE PARTY

The Calgary Standard had the following historic note, bearing on the life of E. Michener, leader of the Conservative party in Alberta, in last week's issue:

One of the most distinguished citizens of Red Deer from the early days of the town to the present time is Edward Michener. Mr. Michener has been conspicuous in every movement which has had for its object the development and upbuilding of the beautiful town of Red Deer, and is justly entitled to be regarded as one of the fathers of this thriving young city.

He was born on August 18th, 1867, in Lincoln County, Ontario, the son of Jacob and Eliza (Patterson) Michener, prosperous farmers of that province. The paternal grandfather, Joseph Michener, was a Pennsylvania Quaker of the William Penn stock, and settled in Canada about the year 1815. The father of the subject of this sketch was a member of the Lincoln County Council for some years and was held in high esteem.

Edward Michener grew to manhood on the farm, and made himself familiar with all the operations of farming, while attending the schools of his native place. His scholastic training was continued at St. Catherine's Collegiate Institute and completed in Victoria University, Toronto. After leaving the University he taught school for five years, then turned his attention to the study of theology and entered the Ministry of the Methodist Church. On account of failing health he was obliged to resign his chosen field of labor. He then located at Red Deer, where he established the first real estate and insurance business, and where he is now head of the firm of Michener, Carscallen and Company, a firm widely known for its solid success and business integrity.

Mr. Michener had the honor of being mayor of the town for several terms, and during his occupancy of this important office the town made marked improvement in all departments of civic life. A town water supply, grading and graveling of the main streets, park development, construction of sidewalks and other improvements affected, and Red Deer was recognized by the C.P.R. as a freight divisional point.

His name is a guarantee of law and decency as well of healthy and judicious progress. He is, moreover, an excellent providing officer, speaking quietly and briefly, but to the point. His vision is clear, his perception is quick, and his judgment is remarkably sound.

It is as leader of the Conservative party in the province, however, that he has made a name to be honored. He has manifested in this honorable position, fair vision, just judgment, mastery of detail, equitable temper, and capacity for dealing successfully with large issues. His success in political leadership has been no less notable than his success in business which first marked him out as one of the really big men in the public life of the province. On the platform he is an attractive and convincing speaker, fair to his opponents, but fearless in his denunciation of wrong and his advocacy of right. He has made a strong impression as a leader all over the province, and his good name, integrity and ability have proved a great asset to the party which he leads with such conspicuous success.

He was married on September 15th, 1897, at Pelham, to Miss Mary E. Roland. There are six children.

The Case of Miss Malecka

(Edmonton Journal)

It is announced in a cablegram that Miss Kate Malecka has been released by the Russian authorities on condition that she quit Russian territory forever. Her case has stirred up public opinion in Great Britain to an extent which is not at all surprising.

Her father, who was a Pole, took out naturalization papers in England in 1860 and married an Englishwoman. Miss Malecka went to Poland to practice her profession, that of a music teacher. She held Socialist views and the police shadowed her. A year ago she was arrested and on evidence of a professional informer, who was also an ex-convict, was found guilty of belonging to the revolutionary wing of the Polish Socialist party. She received a sentence of three years imprisonment and exile for life to Siberia.

The case was brought to the attention of the British people last year and an agitation arose which has at last had a successful conclusion.

There are certain advantages in being a British subject after all. It is even worth while, the Calgary Albertan notwithstanding, to have an adequate navy to see that the rights of the subject are protected. The fact that it exists is usually sufficient without its actually being brought into use.

British Strike Forlorn Hope

British Strike Leaders Are Now Seeking a Plausible Pretext to Make Peace.

London, June 13.—Evidence that the strike leaders realize that a national strike is a forlorn hope, and that they are eager for a plausible pretext to make peace was afforded by the appointment today of an emergency committee including Bert Pittet, Harry Gosling and other leaders "to be ready to interview the government should their services be required."

At no place has the day brought accessions to the ranks of the strikers. The Liverpool council, a transport workers' federation, adopted a resolution to await the result of the ballot now being taken by the seamen's and firemen's union. Leith and other Scotch ports have voted heavily against the strike. Even at Southampton there are signs that the strike is collapsing.

There is a daily increase in the number of men working at the London docks and should the efforts of the shipowners and the port authorities to break down the munitions of war on the Thames, possessed by the lightermen under an ancient charter, succeed, the backbone of the strike would be broken as the movement prevents a general resumption of work on the Thames.

WHY SALVES CAN'T CURE ECZEMA

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the poisons where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known Light Eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription. We have sold other remedies for

Edwell U.F.A. Annual Picnic

The annual picnic of this Union took place on the Schrader place, Edwell, on Wednesday, the 25th June. The weather was perfect, and not too hot to make the sports trying. The crowds commenced to arrive about noon, and by one o'clock an excellent lunch was partaken of, provided by the ladies of the Union and others. The ice cream, candy, lemonade and fruit stalls were presided over by Messrs. Comer, Gummow and Ellis, who had their work cut out to keep everyone served. The sports were presided over by Messrs. W. Pitsley, Crocker, Gulliver, Wyndham and others, and by three o'clock the fun was fast and furious.

The small match between Edwell and Horn Hill ended in favor of the former, and the football match was won by Horn Hill by 1 goal. A baseball team is being organized in Edwell, and who knows, it may aspire to the league games yet—this is between ourselves.

The Edwell troop of the Light Horse, under the command of Lieut. Walton, went through some evolutions for the benefit of the crowd. It was a very smart looking lot they were in their khaki uniforms.

The thanks of the Local Union are due to the following firms who generously contributed prizes for the sports: Smith & Gaetz, Red Deer, wringer; T. A. Gaetz, Red Deer, pair of boots; Gaetz-Cornett Co., Red Deer, shaving outfit; Day Hardware Co., Red Deer, knife; McLean Bros., Red Deer, umbrella; F. W. Snell, Red Deer, pair vases; C. W. Parks, Red Deer, \$1.00; H. H. Hobart, Red Deer, box of Nougat; W. E. Lord Co., Red Deer, glass jug and tumbler; D. S. Long, Red Deer, riding bridle; E. F. Morris, Penhold, oil and running shoes; Brown Bros., Penhold, brooch.

It was very gratifying to the committee to see so many friends attend and they would remind members to attend the monthly meeting on the 19th July, without fail, and bring in a new member with them.

As a result of the picnic the Local Union was able to add the substantial sum of \$25.50 to the funds.

Vancouver News-Advertiser: The Anti-Reciprocity League has been re-formed to life by Sir Wilfrid Laurier's Montreal speech. When the people at the polls condemn the contract they did it so effectively that reciprocity seemed to be dead. Sir Wilfrid Laurier assured his Montreal audience that the reciprocity election programme was still to the front, and that the Liberal party will stand by it. It is not at all likely that the Liberal party will do anything of the kind. But the anti-reciprocity people are taking the premier at his word, and have re-organized the league under Sir Wilfrid Laurier's name, an excellent Toronto Liberal, who does not wish to be an adjunct.

What Consecrated Women Can Do

Some years ago a few ladies got together and resolved to do what they could to lessen the pain and sorrow of the city of London. They had some money and they thought they had no public appeal for funds, and made no announcement of their purpose. They handed themselves to this important office of the town as a community and bought an old house in West London with extensive grounds. Then they went out to seek the most helpless and repulsive objects of pity they could find. They gathered in lunatic asylums, women stricken with malignant diseases—victims of lupus whose faces were being slowly eaten away by the wolf-like tuberculosis, the urable, and the dying. They took them to their homes, they gave them food and kindness, they kept them not for a day, not for a week, but year after year—ten, twelve, twenty years—until a death came. And when one died others were found. They built themselves a chapel, for they are Churchwomen working under their Bishop, and here in this chapel each Sunday evening the patients are brought in, many of them on stretchers, unable to move, some supported by the arms, some led in the hand, and in the hall, brought together by all-embracing love. The scene is enough to make one weep. In fact it does make some of those weep who see it for the first time. To give our money to the sick is not so much. Most of us can find a fugitive dollar and two dollars for something that appeals to our sense of compassion. But to give oneself, not for a day but for a whole lifetime, to the most miserable and pitiful of human beings, they lay surely the supreme realization of self-sacrifice.

Who wants to be a Baldhead?

Thousands of men are daily growing bald and don't know it. The persistent germ of dandruff, often called the destructive agent of the devil, are in full possession of the future hair of thousands of Canadians.

They have wonderful endurance, these little demons, they never stop work, they dig and dig and dig and gnaw and gnaw and gnaw day and night, with seemingly only one purpose in view, and that purpose to destroy the vitality of the hair and make us a rare of baldheads.

What are you doing to protect yourself from the ravishing invasions of these almost unvanquishable demons? There is only one way, kill the dandruff germ, or the dandruff germ will kill your hair. The quicker you start the quicker you can win the battle.

The only weapon you need is a bottle of Parisian Sage, the only hair preparation that spells death to the devilish dandruff germ. Get a bottle today. Gaetz-Cornett Drug & Book Co. sell it for 50 cents and guarantee to cure dandruff in two weeks or money back. Direct charges prepaid, for 50 cents, from Giroux Mig. Co., Port Erie, Ont.

Alberta Summer Schools

Training schools for Sunday School teachers will be held at Cooking Lake, July 10th to 14th; at Sylvan Lake, July 24th to Aug. 2nd; at Banff, Aug. 7th to 16th. It is the purpose of these Summer Schools to provide instruction to the students in attendance on the principles and methods of Sunday School work, including study of Missions. Registrars have been appointed for each school who will receive enrolments: For Cooking Lake School, Rev. A. E. Hayes, Alberta College, Strathcona; Sylvan Lake School, M. Wilson, Red Deer; Banff School, L. V. Lynn, Calgary. Detailed information may be received by applying to the Alberta Sunday School Association, Calgary.

The Leslieville Cemetery

The Leslieville cemetery, which includes one act of ground, was donated to the public in September, 1899, by John Kelly, and is located in the north-west corner of his quarter section. On May 27th, 1910, this was cleared of trees and brush, and the ground broken and sowed to Timothy seed, by the people of the vicinity. The cemetery, which is about three-quarters of a mile from the townsite, is under the management of the President and the Secretary of the Board of Management of Bethel Union Church. As a donation to the public, it is free to all nationalities and creeds. Applications for burial may be made to Mr. Wm. Sim, President, or to George Bailey, Secretary, who keep a record of the same.

Dr. de Van's Female Pills
A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the reproductive portion of the female system. Sold in every drug store for 25c. Mailed to any address, 50c. Three for \$1.00. Write to Dr. de Van, 100, St. George Street, Montreal, P.Q.

Make Your Home The Savings Bank.

The question of buying your own home is one which is essentially a question of today. The home is something that should not be postponed. You owe it to yourself and your family. You owe yourself the opportunity of making your home the savings bank rather than making the landlord's pockets the depository for your money. The feeling of independence, of solid comfort, of real liberty, that comes to you the day you walk into a home of your own, is something so thoroughly enjoyable that you should not let the first payment stand in your way. For just \$10 cash and \$5 per month you can get a beautiful home site in Red Deer West—and ideal home tract—close in, convenient and easy of access. Just see Red Deer West. You'll like it. Ask the people who live there.

LOCAL AND GENERAL

An ideal home tract—Red Deer West.
 Fine, large, juicy pineapples at 25c at T. A. Gaetz's.

See ad. of Capt. Cottingham, missing dog, in another column.
 E. Mibener, M.P.P., returned last week from a pleasant trip to the coast.

Roy Michener passed through an operation for appendicitis last week and is doing well.

Miss C. Davis, of the Western General Electric staff, left for her home in Ontario last week.

H. F. Tilley, G.T.P. travelling passenger agent, Edmonton was in town looking up business yesterday.

Miss Ethel Hall, who has been visiting her uncle, C. E. Hall, for some time, left for her home in Innisville last week.

During the last few weeks an increasing number of landsealers are coming from Washington and the Pacific Coast States.

We are pleased to report that W. T. Bowey, who has been suffering from acute tonsillitis and pneumonia, is getting around again.

Mrs. G. H. Harvey will not receive this Thursday nor again this season. The Riverside Restaurant, North Red Deer, for a cheap meal.

Tonsillitis laid violent hands on Archibert Shuman last week, and he was obliged to seek the seclusion of his residence for some time.

Chas. B. Franklin, of Didsbury, who has been engaged in town for several months past, is returning to his home, for a time at least.

During July and August the W. E. Lord Co. will give a half holiday every Wednesday afternoon to their employees. It might be a good idea for every business firm in town to go and do likewise during the hot weather.

Mr. Jno. J. Williams, of Chicago, who is a caller at the Board of Trade office on Saturday last, Mr. Williams was in Red Deer looking for opportunities for investment and reports that he is wonderfully impressed with the chances in this country.

Mrs. B. G. Dave sang at the evening service in the Methodist Church last Sunday to a large congregation. She has a wonderful voice, always under perfect control and everyone was charmed with her beautiful rendition of her most difficult sacred selection.

The Halmoral Branch of St. Luke's church held a ten cent tea at J. J. McConnell's residence tomorrow night, when a very beautiful quilt will be won by somebody. Good music and a good time promised all. Two miles east of cemetery. Everyone welcome.

As Mr. and Mrs. Dadson, of the Indian Industrial School, were driving home from town Saturday night, in the rain, their horse dropped dead in the road about a mile from the school. They were fortunately helped forward to their destination by the kindness of a neighbor.

The remodelling of J. Carlyle Moore's house on Riverside Crescent, to plans prepared by Holman & Gatch, architects and engineers, Calgary and Red Deer, is in the hands of Messrs. Baird & McKenzie. When the work is completed Mr. Moore's house will present an artistic appearance.

M. McElenberg, A.M., the celebrated and 25 year experienced eye specialist, of Archibald Block, Edmonton, will again be at the Arlington Hotel, Red Deer, July 18th to 23rd. Spectacles, eye glasses and artificial eyes the very best at moderate charges. Absolute satisfaction guaranteed.

A novel and exciting race took place at Evans last week, when Italy Major made a bet with Fred Hall that he could draw a demoprac and a half miles in an hour. There was a large crowd at the finish, and the keenest interest taken in the event. Major lost by six and a quarter minutes.

Capt. Keast, residing about seven miles east of town, lost his barn and granary by fire Tuesday of last week. All his grain, harness, and some implements were destroyed. Four horses were rescued with difficulty from the burning building. His loss will be \$1500 over his insurance of \$300. The Captain cannot say how the fire originated.

The C.N.R. trestle work close to the river in North Red Deer collapsed Wednesday morning under the construction engine and loaded cars of the gravel train, and the engine and train went over. Peter Olsen, who was building the trestle work, was standing on the trestle as the train came on and jumped when he heard the trestle going. He escaped with a broken left arm and some bruises. The work was delayed for a couple of days.

The Red Deer Citizens' Band have secured the Lyric Theatre for the evening of Friday, the 28th inst., when a first class concert by the leading local artists will be given in aid of the Lyric. Arrangements have already been made with Mrs. R. G. Dave, Miss Dolman, Messrs. L. M. Gaetz, G. K. Johnson, and E. J. Johns, and it is hoped that arrangements may be made with other highly talented residents of Red Deer whom many citizens have not yet had the pleasure of hearing. Mr. J. Edward Welton, Bandmaster, has taken the programme in hand and promises the citizens an exceptionally pleasant evening. Printed programmes will be circulated in good time; the plan will be open to the public on Wednesday, the 26th; and the general admission will be only \$1.00.

Just see Red Deer West. Fine, large, juicy pineapples at 25c at T. A. Gaetz's. You'll like Red Deer West. Ask the people who live there.

The Best Furniture Co. are showing a very attractive line of summer wares which will make ideal wedding presents.

Mr. and Mrs. Winter, of Saskatchewan, were the guests of Mr. and Mrs. W. J. Bottrell for a few days last week, on their way to the coast.

Red Deer Co-Operative Association

RED DEER CO-OPERATIVE ASSOCIATION.

The semi annual meeting of the F. A., Red Deer Co-operative Association, was held in the Board room at the creamery on Saturday last, June 15, when the profits of the last six months, amounting to \$802.85, were distributed. The association was dissolved, and the new association, "Farmers' Co-operatives, Limited," established, with a capital of \$50,000, in shares of \$10 each. 675 shares were subscribed. The Board of Directors of the old association were elected as the directors of the new association, James Comer, of Edwells, being unanimously chosen as President.

 The undersigned lost, on the trail between Sylvan Lake and Red Deer, Saturday last, a hand satchel, containing valuable papers, a \$5 bill and \$5 order. The finder will be rewarded by leaving at News Office—MRS. AMES. Red Deer, June 17, 1912.

NOTICE OF POLLING

Supplementary notice is hereby given by the Board of Red Deer Public School District, No. 104, that a poll will be opened at the office of M. A. Munro, Gaetz Avenue North, on the 28th day of June, 1912, at the hour of ten o'clock a.m., and will continue open until four o'clock p.m. of the same day, when the votes of those duly qualified to vote thereon will be taken.

For and against the raising of the sum of Ten Thousand Dollars for building a frame school and equipping the same, for purchasing land for a teachers' residence, and for building and equipping the same; and

For and against the raising of Ten Thousand Dollars for purchasing additional school land.

Both by way of loans on the security of the said district.

A public meeting to discuss these matters will be held in the school assembly hall on Wednesday, June 26, at 9 p.m.

M. A. MUNRO,
 Secretary and Returning Officer.
 F. S. SIMPSON,
 Chairman, R.D.P.S.B.
 Red Deer, June 19th, 1912, 2w.

SALE OF DEAD TIMBER HOW RIVER DIVISION OF ROCKY MOUNTAIN FOREST RESERVE.

Sealed Tenders marked "Tender for Dead Timber How River Forest Reserve" will be received at the office of the Dominion Timber Agent, Calgary, Alberta, up to twelve o'clock noon of the third day of August, 1912, for the right to cut under permit the dead timber and such green timber as may be marked for removal on the following described tract of land: Sections 18 and 19, Township 28, Range 7, West of the Fifth Meridian; said timber having been estimated at 7,250,000 feet, board measure.

Each tender must be on the proper form, and must state the rate per thousand feet board measure which the applicant is prepared to pay for the timber. The upset price is seventy-five cents per thousand feet. Each tender must be accompanied by a certified cheque bank draft for two hundred and fifty dollars, which will be applied in payment of dues on timber cut by the successful tenderer. The timber must be removed within two years from the date of sale, and at the end of that period the right granted shall cease, and the purchaser will be charged double dues on all merchantable timber then remaining on the ground. The purchaser shall furnish sworn returns quarterly, showing the quantity of timber cut, and shall pay dues thereon in accordance with the conditions governing the sale.

Further particulars may be obtained from the undersigned, the Dominion Timber Agent, Calgary, or the Supervisor of the How River Forest Reserve, Calgary.
 PERLEY G. KEYES,
 Secretary,
 Department of the Interior,
 2303B, Ottawa, June 5th, 1912.

Credit Sale at Six Months

Instructed by Erick Maki who, owing to advanced age, is retiring from the farm, I will sell to the highest bidder the whole of his horses, cattle, tools, etc., at the S.W. 4, 16-30-2, W. 5th, being 5 miles east of Kelville, 54 miles west and 2 miles north of Sylvan Lake, 6 miles north and 14 miles east of Evans, on

TUESDAY, 2nd JULY, 1912, 11:30 a.m. sharp.
 HORSES, 10 head: Black mare, 5 years old, 1450 lbs., a peach. Gray mare, 8 years old, 1400 lbs., in foal. A match team of bay mares, both 7 years old, one in foal, 1250 lbs. each; for work they would be hard to beat. 2 yearling mare colts, Black, are 7 years old, 1350 lbs., in foal; and 3 other good work horses, making in all 10 head.

I have seen the above and can truly say they are all first class in every sense, in splendid condition, and in my opinion as sound as a dollar.

CATTLE: 4 thoroughly good milch cows, are young, in good shape and, like the horses, have been well cared for, and are now in full milking. Three 2-year-old heifers, all in calf. 3 calves. One Shorthorn grade bull, coming 3.
 FARM IMPLEMENTS, Etc.: One Hamilton wagon, new last year; 2-seated demoprac, also new last year; 2 sets of heavy bob sleighs; sets of heavy work harness; 150 bushels of good hard potatoes in 10 barrels; 12 cross cut saws, quite a number of axes; broad axes, and any amount of small tools.

With one exception, I have seen everything mentioned above, and can conscientiously say there is not the slightest exaggeration, or what is known as "padding" in there any reserve, absolutely none, that's all.
 DICK BLEAV, Auctioneer,
 R.R. No. 1, Red Deer.
 June 29, 2w.

SPRINKLING CANS

THE pleasure in having a cool, fresh lawn every morning and evening, that is perpetually green, rain or no rain, is a simple matter, by a slight expenditure at our store.

This means a cool, pleasant evening after a hot day, without discomfort from heat or dust.

Cheap hose will kink, and hose that kinks will soon break and leak, which simply means needless trouble and expense.

Our sprinkling cans are well made, either of heavy tin or of galvanized material. Get these things early in the season and have a nice lawn all summer.

The Day Hardware Co.
